# HonuBio TJC (Joint Thread Compound)

# **PRODUCT NAME**

HonuBio TJC (Thread Joint Compound)

# MANUFACTURER

Honu Eco Sustainable Solutions, Inc. 200 Mayfly Way Simpsonville, South Carolina 29680

# DESCRIPTION

**HonuBio TJC** is formulated with high quality natural ester base oil and non-metallic solids, HonuBio TJC provides excellent protection against seizing and galling. This formula is also highly resistant to water washout and corrosion. It is easy to apply across a wide temperature range. HonuBio TJC is a premium quality, non-toxic alternative to petroleum oil-based thread compounds, many of which contain a high percentage of metallic solids.

#### FEATURES AND BENEFITS

- Highly resistant to water washout and corrosion
- Easy to apply across a wide temperature range
- Readily biodegradable
- Formulated with high-quality natural ester base oil and non-metallic solids
- Excellent protection against seizing and galling
- Highly water resistant
- Corrosion resistant
- Easy to apply
- Free of PFAs
- Non-toxic

# PACKAGING

- 4 x 10 lb. case
- 25 lb. pail
- 50 lb. pail
- 400 lb. drum

# **AVAILABILITY**

• Worldwide

# SUITABLE USES

Any industry utilizing threaded compounds where a release into the environment is possible.

#### COMPATIBILITY

Compatibility for Intended Equipment – pipe threads used in most drilling applications.

Next Generation Sustainable Lubrication Technologies

# LIMITATIONS

Not for usage on extreme applications requiring high solids content (>30%).

#### **APPLICATION**

- Follow recommendations provided in your equipment's owner's manual
- Follow your organization's manuals and/or best practices for preparation, cleaning, conversion, application and ongoing maintenance practices
- If you have further questions, please contact Honu Eco Tech Services by filling out the contact us form on honueco.com

#### COVERAGE

Normal usage per industry standards.

#### THREAD PREPERATION

For best results, ensure that threads are clean and dry before applying.

# **APPROVALS / CERTIFICATIONS**

- USDA BioPreferred
- Program Meets API RP 5A3
- Classified as Environmentally Acceptable Lubricants (EAL's) as per the EPA's guidance document that defines standards for Environmentally Acceptable Lubricants (EPA 800-R-11-002) and as required by EPA's 2013 U.S. Vessel General Permit (VGP)

#### CAUTIONS

Ensure adequate ventilation. Do not breathe vapor/dust. Use personal protective equipment and avoid contact with skin, eyes, and clothing. Wash thoroughly after handling. See the Safety Data Sheet (SDS) for emergency, proper handling and disposal information. Intentional misuse by concentrating and inhaling the product can be harmful or fatal. **KEEP OUT OF REACH OF CHILDREN.** 

#### STORAGE AND SHELF LIFE

**Storage** – Keep in a cool, dry and well-ventilated place. Store in a properly labelled, original container. Containers which are opened must be carefully resealed and kept upright to prevent leakage. To help maintain product quality, do not store in heat or direct sunlight. **Shelf Life** -Product shelf life is 24 months from date of packaging. In some cases product can last longer, please contact your Honu Eco representative for proper testing and confirmation instructions.
